Sailed Bark Anushonts

Thursday Sep 6 about 9 o'clock got under way with every prospect of a storm and a head wind towards noon it cleared of Sled at the same time the Polar Star the Milton and Javor the Polar Star took the lead we came next about four o'clock the Pilot left us and with him Mr Joseph Wing Capt Frankherlin Wing Capt Pelig Wing Capt Fisher and Mr Gordon and some others I did not know ~~but~~ soon after dark George and I went to bed neither of us sick enough to vomit

~~Friday~~ ^{Friday} This day light wings with 5 sail some in sight the Milton Javor and two humpback strange sail are astern and the Polar Star of our larboard beam (prospect) This afternoon about four o'clock and we past a vessel sunk with one scuppers mast broken off and sticking out of the water, ^{about 2 foot} she was not on the bottom John says we past

nearly over it but could only see something white John says he could not tel what kind

of a vessel it was

Saturday

This day very pleasant with a pleasant breeze the Milton and Gavy stil in sight there has ben three strange sails in sight, all hands busy getting the boats ready for whaling

Sunday

This day very pleasant with strong breeze the Milton not a grate ways off but the Gavy just in sight

Monday

This day cloudy with a strong breeze Milton and Gavy stil in sight

Tuesday

This day very pleasant with very light winds Milton and Gavy stil in sight

Wednesday

This morning it was a perfect calm right away after breakfast Capt Thiney come on board it soon began to breeze on it grew rugged so fast he left about half past

11 O'clock he had only time to get on board before it blowed a living screamer

well it began to pore last night in the night and has continued to break all day but no wind the Milton

and govy out of sight a head
Saturday this day squally this afternoon
caught two dolphins

Sunday this day almost a calm this
spent part of the forenoon
in overhauling the letter bag
this afternoon the boats have
ben of practicing to pull and
such a piece of work as they
made I never saw

Monday this day a perfect calm this morning I
saw a boat and I had a wash for I had not
done any since I left home this after-
noon I have ben cutting out shirts for
John George has caught to-day 12 fish
of one kind and a dolphin that was
over three feet long some one had to
help pull him in it troubled the
old cook ^{awfully} to see him

Tuesday this day very pleasant with a good breeze
we have put our sail to-day a topsail
schooner I have issued to-day and am
Wednesday part of this day squally

Thursday this day pleasant with strong wind

Friday this day calm this afternoon looked
for black fish chas but to no effect

²²
Saturday this morning about 4 o'clock rain
firm whales lowered and the men
struck one the first throw missed

Sat. The second held for a while the
23, 25 other boats could not get near him

I he ran some 6 miles to windward
and then the boat drew and

Son perhaps it is not that it did not

72 25 the other boats had lost sight of

27 them and if they had held on

they might all have been lost but

we lost some 60 lbs of bl. This day

strong breezes
